The following COVID measures will need to be adhered to during the match in order for the event to take place in a safe manner (unless supplementary measures are enforced by the government):

- Only 1 squad at the time will be allowed to the range premises. The others squad must wait in the direct vicinity of the range in a demarcated area.
- Inside the range, each shooter will have a dedicated zone for his gear (1,5 m apart)
- Only 1 shooter at the time can make use of the safety area
- At all times all shooters need to wear their face protection except when online
- The social distance of 1,5 m must be respected even between shooters from the same squad
- Shooters need to bring their own disinfectant handgel
